

## ***2020-2021 Library Projects Practice Judging Booklet***

*Thank you...is never enough  
Our volunteers, a job that's tough  
They scored our films and spoke their mind  
Gave special thought and so much time!  
They shared their scores, their value told  
You're all so worth your weight in GOLD!!*

*Your Librarian Salutes YOU!!*

## ***A labor of love.....***

***A very special “THANK YOU”*** to the 20 or so judges with various ratings from several states who graciously agreed to score the routines and provide their comments. Without their selfless willingness to help, there would be no evaluations to report. Every effort was made to create a range that reflected all the scores submitted. The evaluations are from judges just like you! The highest and lowest scores were dropped and composition deductions and comments were included when applicable.

**Some points to remember:** These projects are prepared to help advance the education of our membership. Comments, suggestions, and questions are welcomed! Nothing is OFFICIAL! The projects can be used in classroom situations and can and should be shared.

**The NAWGJ Library** supplies the videos for Google Classroom as well as Collegiate evaluation and tries to create compilations that are useful at all levels. We have 3/4/5 and Xcel projects available and can supply Flash drives as well as DVDs.

### **Some specifics:**

- ***Level 10***
  - “E” Bonus is only awarded when an “E” Acrobatic skill is performed and full bonus is awarded.
  - Differences in Handstand completion had an effect on scoring.
  - Each routine was double checked, but any issues that may arise can and will be addressed with notification.
- ***It Happened! Please Judge It!***
  - What the title implies is what you get!
  - Many issues and opinions are reflected in scores differences and Start Values
  - All these routines were judged with Level 10 Rules and were all taken from competitive situations.
- ***Super Series***
  - This was designed to identify skills, determine Connection Value, and demonstrate quality performance.
  - Judge using JO or NCAA values. We have provided both evaluations.

***Enjoy!***
