

We are pleased to launch our new NAWGJ website and hope it meets all of your needs and expectations.

I'm sure it will take a little time for you to get familiar with how items are grouped and where you can find them. Information was consolidated and hopefully made a little easier to find.

NAWGJ New Website Map – July 2020

About Us – Welcome page stating our Mission, Goals, and FAQ.

- **Official Documents** is the place to find the Constitution, Operating Code, Code of Professional Responsibility, Problem Resolution Procedures, Financial Documents, & Minutes.
- **National Governing Board** – All Board members along with their pictures and emails are included as are the Standing Committees and their members.
- **Honored Members** – Our Hall of Fame, Lifetime Members, and Green Flag Winners are included. By clicking on each of the yellow boxes, you will see which of our members have been so honored.
- **Directory: Regional & State** –
 - **Executive Officers**
 - **Regions & States** - Each Region has a page with their SJDs listed along with any other information the RJD wants included on their page. We had hoped to have a picture of each SJD in their uniform to post on their page, but not everyone submitted one in time. If you want to be included, please send your picture to your RJD so it can be forwarded to me. We also have a link to each state's website if they have one. If your state name is not in red, we don't have a link for you but it certainly can be included if you send it along.
 - **Director's Directory** – This is a file which contains addresses and phone numbers for all of us. It is listed in 2 formats, as a PDF and as an Excel file. Both are password protected so everyone won't have access to our address or phone number.
PDF password: DDPDF Xcel password: DDXLSX
- **RJD/SJD Information** – For those of you who are not new SJDs, this was the SJD Information page. It was a protected page on our old site. Since the information is really not private, all of it was consolidated into these pages.
 - **Documents & Forms** – this section is further divided into Contracts, Elections & Checklists, Official Documents, Financial Forms, Nomination Forms, and Other Forms & Reports.
 - **SJD Resources** – Projects that were discussed and formulated into documents.
- **History** – Information on where, why and when we began as an organization along with some highlights. This page needs an historian to take charge.

Become a Judge – Everything you need to know about the procedure of becoming a judge.

- Judging Accreditation
- Testing Overview
- Study Materials
