Judge Updates for 2026
01/01/26

UTL User Interface & Visual Updates for NCAAW

Standard View

Eval View

Purpose: “Up To the Competitive Level” (**UTL**) operates similarly to a Neutral Deduction (**ND**) and is only applied when taken. All judge input interfaces have been updated to accommodate these components.

Modes: In Standard input, the additional UTL toggle is to the right of each J component. In Eval input, the UTL toggle is next to the entered score values in the calculator interface. Each judge must indicate a UTL if applied to their score.

Notes: The UTL input is an on/off toggle and is **NOT** required when submitting a score **UNLESS** a UTL deduction was applied as part of the J1 or J2 final score. Press once to toggle it on or off; when active, a purple indicator will appear. On the scorecards, UTL has its own line with subscripts indicating which judge applied the deduction. A purple dot indicator also appears on the lineups, next to the red ND dot indicator.

**Note: this is an Illustrative Example, and does not reflect actual scores or UTL / ND deductions.*

“Up to the Competitive Level” (**UTL**) judge inputs are now required for score finalization. Score Slips and Score Verification (Lineup) forms have been updated to include these additional fields.

Each judge must indicate whether a UTL deduction was applied. The method for indicating UTL (e.g., check mark = yes) should be agreed upon by all judges prior to the competition.

Document: Official Scoresheet has transitioned to a 1 page per team format, with SV and UTL fields, which are now required and documented per NCAA rules modifications 2025-2026

UTL fields will have each judge number if the UTL was applied:

- 12 = J1 and J2
- 1 = J1 only
- 134 = J1, J3, and J4

Input: Each judge has their own UTL on/off toggle, which should be selected only if a UTL deduction has been applied in the judge's score.

Signatures: For regular-season meets (J1/J2), judge signatures are required on each Official Scoresheet and should be signed below each judge's printed name and rank (right of each apparatus). Judge names may be hidden via the configuration menu.

For championship formats (J4/J6), the one-page-per-team format remains in effect, and signature procedures will operate as in past years. Refer to the championship meet director for Official Scoresheet packet requirements.

**Note: this is an Illustrative Example, and does not reflect actual scores, UTL / ND deductions, judge assignments, or signatures.*
